Our society focuses on education for children, especially the most vulnerable and 3year to 14 year. Education is the plays a very crucial role in the life of the human being, we want to aware the people about education and want to educate as much people we can literate.

Bamongram Resham Khadi Pratishtan has to impart many kinds of learning to women and Child and Specially Blind Student like the learning of concepts, rules and principles, aesthetic discrimination etc., through problem solving and other skills. Inherent to the acquisition of these Kinds of learning are the development of the right of the right attitude and values. It is important to realize that values cannot be entirely taught as a subject in school and the inculcation of values can do it be left only to the moral science or value education teacher. Every teacher of this society is equally responsible for this undertaking inside and outside the classrooms, for value education. There are many procedure & influences through which a child forms its attitude and values. The school & teacher is certainly one of the most important of these influences and it's worthwhile to find out the ways in which a school can most effectively carry out this duty.

In the year 2020-21, Educational Programme for beneficiaries was organized. Resource persons were present for giving information to beneficiaries in the programme. More than 500 beneficiaries attended the programme. Besides, we educated them on various issues.
